Guilford Schools Google Apps Account Access

To access your Google Apps account you must first sync your current email password with the Google Apps domain. Passwords are synced when changed. To change your password, visit our password change website here. https://www2.guilford.k12.ct.us/iisadmpwd/aexp2b.asp

Note: You may get a security warning from your browser about security certificates. You must choose to continue to the website.
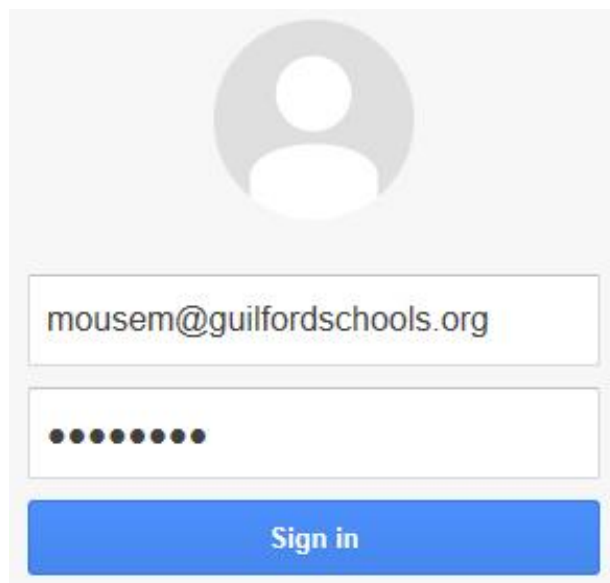

GPS Password Change
You may change your password here.

User Name	mousem
Old password	••••••••
New password	••••••••
Confirm new password	••••••••

OK

Note: If you would like to keep your existing password, you still need to complete the form on the password change page but you can put your current password in all 3 input boxes. If you change your password it will change your network, Outlook, and Google passwords.

Once you have completed the steps on the Password Change Site, you should then be able to access your Google Apps space. Browse to http://mail.guilfordschools.org. Remember when logging in you will be using your new email address, **@guilfordschools.org**.
